homemade soups made daily..... 3.75 / 5.50

Est. 2011

**Zendiggi means life in Persian.**

**Our mission is to serve up delicious, wholesome food of the Middle Eastern and Mediterranean traditions.**

**We take great pride in what we do. Our food is simple, but we go to great lengths to get things right. No secrets... just quality ingredients and disciplined prep and cooking techniques. We marinate our kebabs overnight to achieve flavor that can stand on its own without relying on sauces and glazes. Our basmati rice is made the traditional persian way, steamed in a pot for fluffiness (no rice cookers). We do fries the right way... fresh cut, every day. Our falafels are made from scratch, from soaked chickpeas and mountains of fresh herbs and spices. Soups are made fresh daily. Each menu item has a unique story of ingredients, techniques and expertise.**

**Zendiggi is only possible with the hard work of our wonderful crew, and you, our guest! Thank you for your support in making Zendiggi what it is!**

**We are honored to serve you as our guest. Nooshe Jan!\***
